About Omnicell

Omnicell, Inc. (NASDAQ: OMCL) is a leading provider of systems that enable healthcare facilities to increase operational efficiency, enhance patient safety and allow clinicians to spend more time with their patients.

Founded in 1992, Omnicell's medication-use solutions include complete automation systems for the central pharmacy, anesthesia workstations for the operating room, dispensing cabinet systems for nursing units, and safe, secure medication transportation and verification systems to the patient bedside. From a medication's arrival at the receiving dock to its dosing to the patient, Omnicell systems store it, package it, bar code it, order it, issue it, and provide information and controls on its use and reorder.

Omnicell supply product lines provide a healthcare institution with comprehensive supply chain solutions that result in fast, effective control of costs, capture of charges for payer reimbursement, and timely reorder of supplies. Products range from high-security closed-cabinet systems and software to open-shelf and combination solutions in the nursing unit, cath lab and operating room.
