

SureMed by Omnicell for Nurses

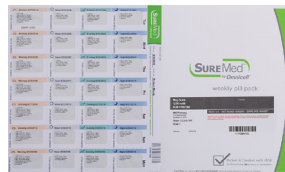

A Better, Safer Way to Administer Medications

With SureMed® by Omnicell® Multimed Blister Cards, all of your patients' medications for the week are prepackaged in easy-to-understand blister cards, reducing med pass time. The SureMed card offers a single reference point with patient information (including patient photos) and dosing instructions, and is clearly marked with the time pass information to avoid medication mistakes. EMAR barcodes printed directly on the card help improve medication administration accuracy.

1. Confirm the patient information on front of the card(s)

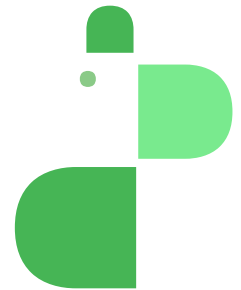

2. Turn the card so that foil backing faces up

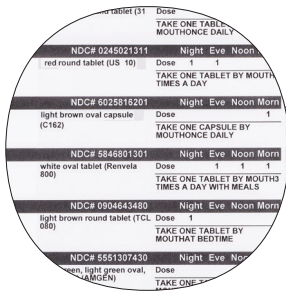

3. Identify the blister for the correct day and time of day

4. Tear off the appropriate blister and puncture the foil to remove medications

Designed for Efficiency and Safety

Consolidated label with full-color drug images and dosage instructions.

Patient and pharmacy information printed on the front of the card.

Drug information on blister lidding.

Easy-to-understand, clearly marked day-of-the-week and time passes.
